Descriptions can be found on attached sheet or www.erindionne.com/school-visits

- ___ Creating Character *
- ___ Making Chocolate Cookies
- ___ Shakespeare is NOT a Total Tragedy
- ___ Bullying, Body Image, and Mean Girls
- ___ Fact into Fiction
- ___ Skype Virtual Visit
- ___ Boston History & Mystery

** For this session, it's helpful to have 1-2 teachers present, as sometimes the students need a little extra help*

Number of students*/grade levels per session:

**If there are more than 30 students per session (especially for the Making Chocolate Cookies presentation), it's a little easier if there is a projector and screen available. I use a MacBook that runs OS X.5.8, and can bring my own projector. The presentation is in PowerPoint.*

Does your school have a space equipped with a screen or SmartBoard where I can project my presentation? And can you provide an extension cord for the projector if necessary?

Where will the sessions take place (classroom, auditorium, cafeteria, multi-purpose room, library)?

Thank you for taking the time to fill this out. I can't wait to come to your school!

Please detail parking/sign-in requirements for your school:

I love to have lunch with students who are interested in writing and reading. Please let me know if that's an option. If not, should I plan on bringing my lunch or is there a place nearby where I can pick something up?
